WELCOME

Are you a fan of the finer things in life and of understatement, too? The great outdoors and fresh air are as important to you as art and culture? The Radisson Blu Park Royal Palace Hotel has it all. Take time out from your sightseeing or business schedule for a relaxing stroll through the grounds of nearby Schönbrunn Palace, or draw inspiration from the spirit of innovation and exhibits to be found at the Museum of Technology right next door to the hotel.

The historic city centre, where art, culture and world-class shopping await, is easily reached thanks to the nearby underground station.

WITHIN EASY DISTANCE

During a stay at the Radisson Blu Park Royal Palace Hotel, Vienna, Schönbrunn Palace and its beautiful grounds are very close – you can reach them within five minutes of walking.

Even closer than Schönbrunn is the Technisches Museum Wien, which is located right next door. The architecturally impressive building has been a museum of science and technology for about 100 years, with exhibits exploring themes from an Austrian perspective.

The city center with numerous attractions is reached by public transport in 10 minutes.
